SUPPLEMENTAL REPORT: Review of Exhibit # 00371

ACTION TAKEN: During the course of this investigation, a comprehensive review of the shooter's computer hard drive revealed that he played and possessed an account called "KAYNBRED" for the Internet-based, first person shooter (FPS) video game, Combat Arms. "KAYNBRED" was also linked to the in-game team or clan called "MG14c."

At the request of State's Attorney Stephen Sedensky, the Connecticut State Police prepared a Search and Seizure Warrant for all the records associated with the Combat Arms accounts: "KAYNBRED" and "MG14c" for the time frame of January 1st, 2009 thru December 31st, 2012. On 08/27/2013, a Connecticut Search and Seizure Warrant was issued and executed upon Nexon America, Inc. On 09/06/2013, the records were seized by this Detective and a review of said records yielded the following results:

The records contained information associated with two (2) Nexon User IDs or characters and the information associated with "MG14c." The first User ID or character, "Kaynbred", was created on 09/19/2009 at 0018 hours. The second User ID or character, "GlockFortay", was created on 11/30/2009 at 1428 hours. The clan "MG14c" consisted of twenty-three (23) members. "Kaynbred" was a member of "MG14c"; "GlockFortay" was not.

Based upon login/logout and duration of play information, "Kaynbred" was the primary User ID / character used. "GlockFortay" was only used on the day it was created for approximately 27-minutes.

The User IDs / characters created within the game were customized to reflect the user's personal specifications. This customization ranged from the actual selection of weapon(s) used within the game to the general overall appearance of the character (i.e. gender, race, clothing, etc...).

Combat Arms affords its users a means by which to communicate in the form of Internet Relay Chat (IRC). IRC is a protocol for live interactive Internet text messaging (chat) or synchronous conferencing. It is mainly designed for group or clan communication in discussion forums called channels, but also allows one-to-one communication via private message, as well as chat and data transfer including file sharing. The following four (4) means of IRC are available within Combat Arms: "All Chat", "Clan Chat Only", "Channel Chat", and

a "Community Forum."

The records contained a minimal amount of IRC information for "Kaynbred" and the chat content appeared to be strictly related to game play communications between clan members. There was no IRC information for "GlockFortay."

Lastly, there was no evidence of IRC communication or attempted IRC communication to indicate persons and/or co-conspirators, in the planning, execution, and/or cover up of the Sandy Hook Elementary School shooting ---> Please refer to Exhibit # 00371 for additional details.
