1. That the undersigned Affiants, Detective Christopher Allegro #950 and Detective John Kimball #877, are members of the Connecticut State Police, presently assigned to the Western District Major Crime Squad (WDMCS) and have approximately 28 years of combined law enforcement experience. Both Affiants have conducted numerous investigations of criminal activity including, but not limited to, murder, sexual assaults, kidnapping, robberies, narcotics violations, and assaults and have received specialized training in the processing of crime scenes and the collection of physical and trace evidence. The knowledge of the facts and circumstances contained hereinafter are the result of the Affiants' personal investigative efforts and observations, as well as those of other law enforcement officers acting in their official capacity, who related their findings to these Affiants.
2. On Friday December 14th, 2012 at approximately 0935 hours, Newtown Police Department Dispatch received a 9-1-1 call from a caller at the Sandy Hook Elementary School located at 12 Dickinson Drive in Newtown, Connecticut. The caller reported that an active shooting situation was occurring at the Sandy Hook Elementary School.
3. As a result of the 9-1-1 call, numerous law enforcement personnel, including members from the Newtown Police Department and the Connecticut State Police, responded to the Sandy Hook Elementary School in Newtown. Upon arrival, law enforcement personnel conducted a search of the interior and exterior of the school. Investigators located Connecticut registration 872YEO, a 2010 black-colored Honda Civic, unoccupied and parked near the fire lane directly in front of the school. The registered owner for the Honda Civic is Nancy Lanza, year of birth - 1960, of 36 Yogananda Street in Newtown, Connecticut.
4. As investigators entered the school, numerous children and school personnel were located deceased within the school. Investigators also located a white male dressed in military style clothing, lying deceased on the floor in room 10. The deceased male was in possession of several firearms. The deceased male has been positively identified as Adam Lanza, year of birth - 1992, hereinafter referred to as "the shooter", who resided at 36 Yogananda Street in Newtown, Connecticut.
5. Law enforcement personnel, including members of the Connecticut State Police - Emergency Service Unit, responded to the residence of Nancy Lanza at 36 Yogananda Street in Newtown, Connecticut. Upon arrival at Lanza's residence, members of the Connecticut State Police - Emergency Service Unit gained entry into the house and located a deceased middle-aged white female lying on a bed in the 2nd floor master bedroom. The white female sustained an apparent gunshot wound to her forehead. The deceased female was positively identified as Nancy Lanza, year of birth, 1960.
6. On Thursday December 14th, 2012, law enforcement agents interviewed a witness who knew Adam Lanza and stated the he rarely left his home and considered him to be a shut-in. The witness also stated that "the shooter" has a gun safe containing at least four guns. The witness also stated that "the shooter" had attended the Sandy Hook Elementary School.
7. On Thursday December 14th, 2012 a Search and Seizure Warrant (Mincey) was applied for and granted for the residence located at 36 Yogananda Street in Newtown, Connecticut. The Search and Seizure Warrant was authorized by the Honorable John F. Blawie.
8. During the execution of the Search and Seizure Warrant at the Lanza residence (36 Yogananda Street),

investigators seized various items of evidentiary value. Among these items were personal computers and electronic equipment that would provide the user with a means of communication via the Internet. "The shooter" resided at this address with his mother (Nancy Lanza) and would have had access to all the aforementioned items.

9. Through investigative efforts conducted by other law enforcement officers including a comprehensive review of seized items of evidentiary value, these Affiants learned that one of the computer hard drives located within the Lanza residence (36 Yogananda Street) contained an electronic folder labeled "Combat Arms Screenshots". Within this folder were one-hundred seventy-two (172) digital "screenshots" or images taken while playing the video game, "Combat Arms".
10. An Internet search of **Combat Arms** revealed it to be a multiplayer, free-to-play, modern, first-person shooter (FPS) game "served" or hosted by **Nexon America, Inc.** located at **222 N. Sepulveda Boulevard, Suite 300, in El Segundo, California 90245.** **Combat Arms** has over 10,000,000 registered players. The game supports community features such as Clans, Internet Relay Chat (IRC), and an in-game Friends' List. **Combat Arms** uses a player ranking system based on total experience, using common military ranks that players can obtain. Completing objectives, killing other players, and leveling up one's rank gives the player money in the form of Gear Points (GP) that can then be used to purchase new equipment. Equipment includes weaponry, weapon attachments, and accessories for one's character. Players can also purchase equipment from the Black Market (previously known as the Nexon Cash Shop) using Nexon Cash (NX) that is bought with real-world money.
11. Further review of the aforementioned screenshots, revealed an online gaming account / character with the associated gamer tag, "KAYNBRED". A gamer tag is a name (usually a pseudonym) adopted by a video gamer and used as the individual's preferred identification method within the gaming community. In this case, it appears that KAYNBRED was the sole gamer tag utilized when logging on / playing **Combat Arms** from this computer.
12. The gamer tag, KAYNBRED, also possessed a "clan tag", which is a unique marker, image, or symbol, used to identify that the gamer is a member of a specific clan. Clans are generally a group of gamers who play together as a team against other clans. They are most commonly found in online multi-player games in which one team can face off against another. Clans can also be formed to create loosely based affiliations perhaps by all being fans of the same game or merely gamers who have close personal ties to each other. FPS clans normally host servers with rules that they like. For instance, if a group of gamers like to use pistols only, they could join a clan that runs a pistols only server and the clan would enforce the rules. So, it is important to join a clan that has server rules you enjoy or you could easily find yourself removed from the clan. KAYNBRED was a member of clan "MG14c". Additional information depicted within the screenshots, noted twenty-two (22) other gamer tags to be associated with clan MG14c as well as snippets of chat content corresponding (to and from) with KAYNBRED and other members of MG14c.
13. The definition of Internet Relay Chat (IRC) is a protocol for live interactive Internet text messaging (chat) or synchronous conferencing. It is mainly designed for group communication in discussion forums, called channels but also allows one-to-one communication via private message as well as chat and data transfer including file sharing. **Combat Arms** affords its users the following four (4) means of IRC from which to communicate while gaming: "All Chat", "Clan Chat Only", "Channel Chat", and a "Community Forum".
14. Based on the Affiants' training and experience, a perpetrator(s), or persons knowing the victim(s), may have communicated by way of Internet Relay Chat (IRC) while participating in virtual communities, including but not

limited to Internet-based FPS games. Also, any co-conspirators in the planning, execution, and/or cover up of a particular crime may have communicated by way of IRC. Additionally, persons who communicate or attempt to communicate in this manner may have knowledge or valuable information leading to the identification of a perpetrator(s), and/or potential witness(s) of the crime.

15. The Affiants have personal knowledge that the "game" server or host of Combat Arms is Nexon America, Inc., 222 N. Sepulveda Boulevard, Suite 300, El Segundo, California 90245.
16. Based upon the facts and circumstances described above, the Affiants have probable cause to believe that Nexon America, Inc., 222 N. Sepulveda Boulevard, Suite 300, El Segundo, California 90245 has in its possession account information associated with the gamer tag, "KAYNBRED" and the gamer tags within clan "MG14c", which will contain evidence relating to the crime of Murder, in violation of Connecticut General Statute (C.G.S. 53a-54c).
17. Therefore, your Affiants are respectfully requesting a Search and Seizure warrant be issued for Nexon America, Inc., 222 N. Sepulveda Boulevard, Suite 300, El Segundo, California 90245 for any information associated with the accounts: "KAYNBRED" and the gamer tags within clan "MG14c"; All subscriber information, including full name(s), physical address(es), account identifier(s), email address(es), and telephone number(s); Account status, alternative email addresses provided during registration; All transaction or connectivity logs, including records of session times, dates, durations, and assigned IP addresses; Length of service (including start date) and types of service utilized; All means and source of payment for such service (including any credit card or bank account number); All content associated with chat communications, including but not limited to "All Chat", "Clan Chat Only", "Channel Chat", and "Community Forum" between "KAYNBRED" and gamer tags within clan "MG14c"; All records or other information stored at any time by an individual using the accounts, including address books, contact and buddy lists, calendar data, pictures, and files; All records pertaining to communications between Nexon America, Inc. and any person regarding the account, including contacts with support services and records of actions taken; other records identifying any individuals who owned, used, or accessed the aforementioned accounts, including but not limited to account opening records, subscriber contact information, account access logs, and email header information for the period of January 1st, 2009 through December 31st, 2012.
18. Both California law, under the California Penal code Sec. 1524.2, and federal law, under 18 U.S.C. 2703, provide authority for out-of-state search warrants of providers of electronic communication services or remote computing services.
