On the above mentioned date and time this Detective spoke to [REDACTED] 04 by telephone and prepared a statement based on our conversation. This Detective then went to [REDACTED] 04 residence to have her review and sign her statement.

This Detective reviewed the statement with [REDACTED] 04 at 1200 hours on 12/26/12. [REDACTED] 04 added some information to her statement which this Detective hand wrote at the bottom of the statement. [REDACTED] 04 wanted to add this information to clarify her statement. [REDACTED] 04 completed her written statement at 1200 hours on 12/26/12. [REDACTED] 04 swore to and signed her statement. (See attached written statement) The following information is taken verbatim from the signed and sworn statement of [REDACTED] 04:

"My name is [REDACTED] 04. I am a [REDACTED] 04 of the Sandy Hook Elementary School, and have been employed with the school for approximately [REDACTED] 04. This is my second statement to help clarify a few questions about the School intercom and public address systems.

The public address system and the intercom system both work through the phones at the school. The Public address system is activated by pressing the pound key (#) and the number (1). When these characters are pressed, this activates the public address system which broadcasts over the speakers in the classrooms and throughout the school.

INVESTIGATION REPORT (DPS-302-E) (REVISED 2/3/06)

The intercom is also activated over the phone and can be used in two different ways. The first way is to press the star key (\*), the zero (0) and the classroom number. This rings the respective phone in the classroom and you would talk from phone to phone when you followed this procedure.

The second way to use the intercom is by pressing zero (0) and the classroom number which would allow me to make an announcement over the classroom speaker for just that room.

On 12/14/12 just after I heard the noise and saw the shooter in the building, I received a call at my desk from the Library. When I answered the phone someone said "04 what is going on?" I yelled into the phone, "Lockdown, we have a shooter in the building!" I then dropped the phone handset on the floor and hid. I am not sure if the phone line remained open, I was just trying to take cover. This is a technical question that I can't answer. I later learned that the person who called from the Library that morning was 04.

On that morning (12/14/12) neither I nor 04 activated the public address system or intercom from our office.

I want to add, we have two phone systems. One phone is used for the public address and intercom, the second phone is an outside phone line to call out of the school." END OF STATEMENT

CASE STATUS: ACTIVE.
